

@ PEACE

Being at peace may bring more peace to your life and to our world as a whole. Wear this tee as a reminder to yourself and to the rest of the world that in order to have the peace we really want, it will have to start with each one of us first.

*Be the change you wish to see in this world.
- Mahatma Gandhi*

SEEK JOY

This tee may surprise you! We all wake up and begin to seek. Maybe it's just to get through the day, maybe we are faced with something hard, whatever the case, why not seek some JOY. While your intention is to SEEK JOY you might just find others seeking the same. May you find more JOY than you could have ever imagined.

ANGEL DEFINITION

Having faith in your future is not always easy but rest assured that the angels keep their faith in you even when you don't. Let these words allow your intention to be clear: to connect with your angels sent from God. This definition is on back of tee. Small angel wings on front of tee symbolize the desire to keep them close to our heart.

ANGEL
1. a messenger of God
2. CHARACTERIZED BY HAVING WINGS AND A HALO
3. one that is perfect, good and beautiful
1. one sent to watch over and protect; guardian

NOT EVERYTHING THAT COUNTS CAN BE COUNTED, NOT EVERYTHING THAT CAN BE COUNTED, COUNTS.

- QUOTE ON EINSTEIN'S WALL @ PRINCETON

Don't attach expectations to what you do. Watch how your good deeds (even if unnoticed) unfold beautifully into the world. Keep up the good work..

BEGIN WITHIN

This phrase is a great support for those who have a task or challenge before them and need to look within to begin. Symbolize your intention and wear it with patience and love for yourself & let it allow you to resonate with your spirit awakening.

MEDITATE

To lose oneself & find oneself at the same time.

Silence is mandatory in order to hear God. Calming the mind & body allows clarity, creativity, deep healing and deep love to penetrate ALL of you. May you find the peace, healing and clarity you are looking for.

B1 ON BACK: BPRESENT BSTILL BSILENT

It usually isn't until we have felt some sort of crisis in our lives that helps us to realize we are all ONE. Time and time again, I have seen the power of prayer work through strangers that have the same intention (to recognize our oneness.) Miracles can happen when we come together.

NO EXCUSES

This tee was designed especially for Dr. Wayne Dyer. You may have seen him in it on stage, in Las Vegas and Tampa. This was created because of his new book "Excuses Begone." This book is a wonderful addition to our libraries! To study oneself and be able to find our hidden "excuses" that continually hold us back is one of the most freeing gifts we could give to ourselves. Let them go now!
